Links to Previous Knowledge

In EYFS, under the understanding of the world ELG, children will have learnt about some of the important processes and changes in the natural world around them, including the seasons.

They will have talked about some of the similarities and differences between life in this country and life in other countries including weather in these countries.

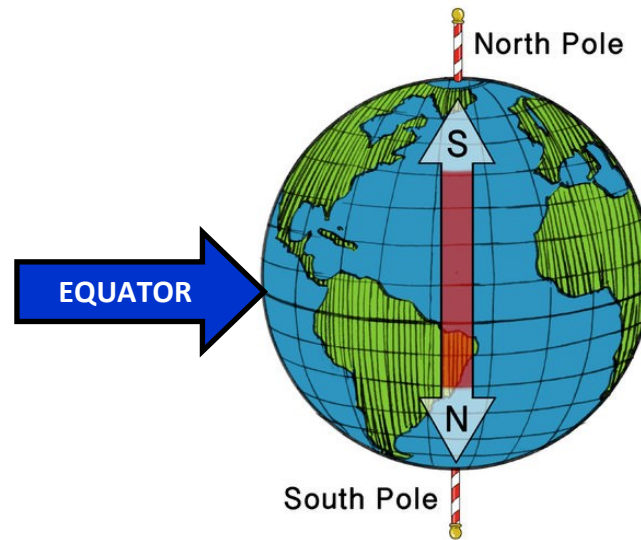

Key skills and concepts:

Children will be able to:

- Investigate their surroundings
- Use information books/pictures as sources of information.
- Use globes, atlases and maps.
- Use geographical appropriate vocabulary.

Key Questions

- What is the weather like in our country?
- What impact does the weather have on our lives?
- How can we measure how much rainfall we have?
- What do weather forecasts show?
- Can weather be dangerous?
- What the weather is like in other parts of the world?

Weather Symbols
