Things your child needs to bring

- Do not bring a bulky back-pack as we cannot use the cloakrooms to store items.
- Children will not be able to bring a pencil case from home. All of their equipment will be provided.
- Bring a waterproof bag that can hold their home learning books (A4 size) and your reading book, which can fit on the back of their chair.
- They should bring a refillable, labelled water bottle from home.

Keep the water bottle in a separate section of the bag
(or in a plastic bag),
away from any books

Attendance and Punctuality

- It is vital that children come to school every day and on time.
- Soft start begins at 8:35am
- The register will close at 8:50am
- Please ensure you are collecting your children on time from the playground at 3:30pm

Attendance and Punctuality

- We aim for all children to achieve attendance at 96% or above.
- If attendance drops below this learning will suffer.
- If children do not attend school regularly, they may not be able to keep up with the learning. Children only get one chance at school, and a child's chance of a successful future may be affected by not attending school regularly.
- Punctuality is important-even 1 minute late is late!!

For example, attendance at 90% actually means 20 school days missed, around 95 lessons.

Reading

- Children will be expected to read for at least 20 minutes every day. This should be a banded book.
- Children (Y5/6) need to be filling in their reading record every night with a summary of what they have read and any new vocabulary they have acquired. Adults sign the reading record daily.
- Children's book bands are determined upon performance in class and on assessments.

Year 5

Autumn 1

KIRFs are the number facts that children should be able to recall **quickly and accurately**, without having to work them out. These include facts such as number bonds, times tables and simple fraction facts.

How can you help at home?

Practising KIRFs for just **5 minutes a day** can make a huge difference. Little and often is much more effective than longer practice sessions.

This half term, your child needs to ...

recall all multiplication and division facts to 12 x 12.
